BOARDING CAMPS

The training that students experience in our year-round Bay-O-Vista Tennis Club, ClubSport San Ramon, Livermore Valley Tennis Club and Ohlone College, Fremont locations continues in the beautiful wine country location at Sonoma State University.

This camp is for all levels who want to improve their tennis skills. Students participate in more than five hours of daily tennis and fitness training throughout the camp.

Following check-in on Sunday, campers start their tennis training immediately with the serve being videotaped at 2:30 p.m. and fitness at the track to follow at 4:00 p.m. During the week, campers will also have their forehands and backhands videotaped in addition to covering drilling, stroke and technique. The camp focuses on movement and agility throughout the morning with afternoons focused on singles and doubles play, tactics, and point situations. All juniors are grouped by court by ability from beginner to top national level players. We also continue the weekly tradition of the competitive "Tompkins Cup" team competition which always provides a memorable experience for the campers.

Report cards will be distributed to students at the end of each week following the awards ceremony. The progress report will cover all aspects of the camper's training from the on-court drilling and video analysis to match play. Regardless of skill level, this camp is focused on tennis players serious about their development!
